The following file types can be uploaded to PEAK: .pdf, .jpg, .jpeg, .tif, .tiff, or.png. Images that are uploaded from mobile devices will be compressed if they exceed 10 megabytes (MBs). If your file size is too large to upload your document, you can make the file size smaller. If you use a PC, right click on the file or folder, select "Send to", and then select Compressed (zipped) folder. A new zipped folder with the same name is created in the same location. If you use a Mac, right-click on your document in "Finder" and select "Compress."
