Long-Term Services and Supports (LTSS) are services for people who need extra help with everyday activities because of age, illness, or a disability. It may include help at home or in the community, such as personal care, transportation, respite care, or home changes, and it may also include care in a nursing facility if needed. Whether someone qualifies depends on their care needs and program rules.	
A disability is a physical or mental condition expected to last at least 12 months, which may or may not affect an adult's ability to work, or a significant limitation in a child's ability to perform daily activities. Blindness includes complete loss of sight or vision that is 20/200 or less, even with corrective lenses, or tunnel vision of 20 degrees or less.
